

SHEDRACH MARK JONAH

FULL-STACK ENGINEER

Flat 1 Majot Mikas Court, Rantya Jos

+2348069983308 shedrachjonah11@gmail.com linkedin.com/in/shedrach-jonah-4894a722a/ https://github.com/ShedrachJonah11

Experienced full-stack engineer with a focus on AI-driven and scalable digital systems. I have architected and developed products such as AskYourPDF, AuthorPrivacy, DigitalPurse, and Prosplug, delivering mobile, frontend, and backend solutions integrating machine learning and secure infrastructure. My work centers on system architecture, API design, AI integration, and performance optimization for high-growth applications.
